

Tuttons Brasserie

This project involved a complete strip-out and reinstatement of all finishes to the ground floor restaurant, basement dining rooms, kitchen and back-of-house areas with customer toilets. The high specification finishes included a pewter bar, panelled ceilings and walls, oak panelled flooring and specialist paint work. Works also included all new mechanical and electrical installations. Mid-contract, a disused vault was transformed into a new set of customer toilets for the restaurant including all finishes and the excavation and forming of a new concrete slab complete with new major structural alterations. Within the contract period of 10 weeks, we also undertook a refurbishment of "Dirty Martini's" Cocktail Bar.
